

Fact Sheet

Level 1

e-learning

Level 1 Health and Safety

This e-learning course is suitable for those learners taking a Level 1 health and safety qualification. The course is also ideal for those staff undergoing induction and awareness training. This course is available online through the Highfield Learning Management System and gives the ability to monitor, manage and record training activity.

What does it cover?

The eight self-contained training modules included in this course cover the key syllabus of Level 1 Health and Safety qualifications. These modules include:

- Accidents including slips, trips and falls
- Legal responsibilities
- Hazardous substances (COSHH)
- Workplace health, safety and welfare
- Work equipment
- Fire
- First aid
- Manual handling

What will learners achieve?

Those taking this e-learning course will engage in approximately three guided learning hours of training. Their knowledge will also be tested by 24 multiple-choice questions, spread across the eight modules. In addition to this, learners will also receive a Health and Safety encyclopaedia, help pages, and a comprehensive health and safety glossary. On completion of the course, the system produces a personalised HABC-commended certificate.
