Level 2

e-learning

Level 2 Health and Safety

Highfield has drawn upon the knowledge and expertise of its health and safety subject matter experts to create an e-learning course that is ideal for those learners taking a Level 2 health and safety qualification. This course is available online through the Highfield Learning Management System and gives the ability to monitor, manage and record training activity.

What does it cover?

The nine easy-to-manage training modules included in this course cover the key syllabus of Level 2 Health and Safety qualifications. These modules include:

- Accidents including, slips, trips & falls
- Legal responsibilities
- Risk assessment
- Workplace health, safety & welfare
- Work equipment
- Fire
- First aid
- Manual handling
- Hazardous substances (COSHH)

What will learners achieve?

Those taking this e-learning course will engage in approximately six guided learning hours of training. Their knowledge will also be tested by 45 multiple-choice questions, spread across the nine modules. In addition to this, learners will also receive a health and safety encyclopaedia, help pages, and a comprehensive health and safety glossary. On completion of the course, the system produces a personalised HABC-commended certificate.
