Dear Charlotte,

At the matter 8 hearing session on Gypsy and Travellers in response to the Inspectors additional question on non-traveller household, ORS prepared additional information looking at the make up of the pitches. At the hearing session a modification to Policy HOU06 Principles of New Housing was proposed to ensure that the needs of non-travelling households are met. This has been included within the modification table which Jemma will be providing to you shortly.

Kind regards

Sarah
