**1.0**

# Introduction

- 1.1 Lichfields (formerly trading Nathaniel Lichfield and Partners) was commissioned by Breckland District Council to prepare a district wide town centre and retail study in 2010. The 2010 study was fully updated in a report dated December 2014.
- 1.2 Lichfields was been commissioned to undertake a partial update based on the latest population and expenditure projections, set out in Addendum Report dated 31<sup>st</sup> October 2017. Since this report was prepared a major retail development has been granted planning permission at Tulip Viking in Thetford. The retail development comprises six retail units totalling 7,367 sq.m gross of Class A1 retail space and 167 sq.m of Class A3/A5 food and beverage space. The Class A1 retail space is expected to include a B&M store with garden centre (2,880 sq.m gross). Unit C (1,486 sq.m) is expected to be occupied by a food retailer not currently in Thetford.
- 1.3 This report amends the retail floorspace capacity projections in the October 2017 Addendum Report to reflect this new commitment.

## 2.0 Revised Capacity Projections

### Changes since the October 2017 Addendum Report

2.1 Base year market shares for convenience and comparison goods shopping were amended to reflect the implementation of planned retail commitments. The revised future market shares were set out in:

- Future convenience goods shares - Table 7 in Appendix 2 (October 2017 Addendum);
- Future comparison goods shares - Table 7 in Appendix 3 (October 2017 Addendum).

2.2 These market share tables have been further amended to reflect the expected implementation of the Tulip Viking retail commitment in Thetford. The amended market shares are shown in Appendix 1 (convenience goods) and Appendix 2 (comparison goods). Thetford's market shares have been increased to reflect the proposed development, whilst the market shares of other centres have been reduced accordingly.

### Revised Convenience Goods Retail Capacity

2.3 The revised total level of available convenience goods expenditure available for shops in Breckland between 2016 and 2033 is summarised in a new version of Table 13, as shown in Appendix 1 of this report.

2.4 As in the previous addendum, the benchmark turnover of existing convenience floorspace at 2015 and food store commitments have been subtracted from the estimates of available expenditure to provide surplus expenditure estimates. The expected convenience goods turnover of the Tulip Viking commitments has also been subtracted from available expenditure in Thetford.

2.5 The estimates of surplus/deficit expenditure are converted into net floorspace projections in a Table 14 in Appendix 1. The revised floorspace capacity figures are summarised in Table 2.1.

Table 2.1: Summary of Convenience Goods Floorspace Projections (sq.m gross)

Location	By 2021	By 2026	By 2031	By 2036

### Revised Comparison Goods Retail Capacity

2.6 The revised total level of available comparison goods expenditure available for shops in Breckland between 2016 and 2033 is summarised in a new version of Table 13, as shown in Appendix 2 of this report. Future available expenditure is compared with the projected turnover of existing comparison goods retail facilities within the District in order to provide estimates of surplus expenditure. The estimates of surplus/deficit expenditure are converted into net floorspace projections in Table 14. The figures are summarised in Table 2.2 below.

Table 2.2: Summary of Comparison Goods Floorspace Projections (sq.m gross)

Source: Table 14 in Appendix 2.

## Revised Food and Beverage Capacity

2.7

The Tulip Viking commitment includes a small element of food and beverage floorspace, which has been subtracted from the Thetford projections in Tables 12 and 13 in Appendix 3. The figures are summarised in Table 2.3.

Table 2.3: Summary of Food and Beverage Floorspace Projections (sq.m gross)
